

The team independent practices couldn't afford to hire — until now.

We bring Fortune 100 and pharma-grade technology to independent healthcare practices — so you can compete with any health system without being acquired by one.

OUR CREDENTIALS

- Fortune 100 Experience**

Enterprise security, AI, and infrastructure standards — adapted for your practice.
- Top US Pharma**

HIPAA is not a checkbox for us. It is standard operating procedure from day one.
- 100% Healthcare Exclusive**

We have never worked outside healthcare. No learning curve. No generic playbooks.
- Based in St. Louis**

Available in person, on your schedule. Not an offshore queue or a ticketing system.

WHAT ONE PARTNER REPLACES

4–6

vendors typically replaced

1

point of contact for everything

0

compliance incidents for our clients

DOES THIS SOUND FAMILIAR?

You're losing patients to problems *that are fixable.*

These are the five most common challenges we hear from independent physicians every week. If any hit home — we should talk.

- 01 Invisible online**

Not on page one. Slow website. No online booking. Patients find your competitor first.
- 02 Reputation & ads not working**

Bad reviews drowning you. Ad spend reaching the wrong patients. No ROI tracking.
- 03 HIPAA & IT exposure**

Non-compliant pixels. IT downtime. Security gaps. Violations you don't even know exist.
- 04 Staff buried in manual work**

16hrs/week on prior auth alone. Spreadsheet CRM. 6–8 vendors pointing fingers at each other.
- 05 Hospital systems outcompeting you**

\$2M marketing budget vs. yours. But technology is the equalizer — if you use it.

Open this brochure to see how we solve every one of these. →

THE RESULTS WE DELIVER

Proven outcomes across independent practices.

- 90 days

to page-one Google rankings for core procedures
- 40%

avg reduction in cost per booked appointment

Physician-grade sites built to rank, convert, and dominate local search. Page-one results within 90 days.

3x organic traffic

Performance Marketing

AI-optimized Google & Meta ads — HIPAA-compliant, procedure-specific, tracked to booked appointments — not impressions.

40% lower cost/appt

Reputation Management

Automated review generation, AI sentiment analysis, and multi-platform monitoring. Your happiest patients become your best marketing.

4.8★ avg in 6 months

HIPAA Compliance Program

Annual risk assessments, policy documentation, staff training, BAA coverage across every tool we touch. 0 compliance incidents for our clients.

100% BAA coverage

“"We just spent \$8,000 on a website and we're still not on the first page. I don't even know what went wrong."”

— Practice Administrator, Multi-Specialty Group

Infrastructure, operations & software.

IT Infrastructure

VLAN-segmented clinical networks, managed endpoints, 24/7 monitoring, DICOM & EHR integration. Proactive — not break-fix.

99.9% uptime target

AI & Workflow Automation

Prior auth pre-screening, no-show prediction, appointment reminders, insurance verification. Reclaim 20+ staff hours per week.

20+ hrs/week saved

Custom CRM & Software

Built around your actual workflow — referral tracking, prior auth pipeline, patient follow-up. Replaces the spreadsheet. Permanently.

70% fewer data errors

Creative Production

Video, photography, social content, and brand campaigns that build clinical authority and patient confidence before they walk in the door.

Brand + content

“"I have a separate company for my website, SEO, ads, IT, and phone. When something breaks, everyone points at someone else."”

— Practice Administrator, ENT Group

What your practice looks like with Ensemble.

TODAY

Buried on page 3. Outdated website. No online booking.

12 MONTHS

Page 1 for every core procedure. 4.8-star rating. Sub-2s mobile load.

TODAY

Unclear ROI on ads. Wrong patients calling. High cost per lead.

12 MONTHS

Booked appointments tracked to source. 40% lower cost per acquisition.

TODAY

Legacy systems. No monitoring. Unknown compliance status.

12 MONTHS

HIPAA-compliant, monitored, backed-up. Last audit: done.

TODAY

Staff drowning in manual tasks. Prior auth delays. Spreadsheet CRM.

12 MONTHS

20+ hrs/week reclaimed. Prior auth pre-cleared by AI. Custom CRM live.

TODAY

Losing patients to hospital-affiliated groups on search and reputation.

12 MONTHS

Market-leading reputation. First-page visibility. Referral network inside AIP.

"Independent and thriving. On your terms."

See exactly where your practice stands. Free.

Come find us at our table. We'll walk through your current digital presence, HIPAA compliance posture, IT security, and marketing performance — and hand you a priority roadmap on the spot.
